Swarmbustin' Honey is offering local Nucleus Colonies in the Spring & Summer of 2017!

Please go to 911HONEY.COM updated with NICE medley of READS

NUCLEUS COLONY: will contain DEEP frames with a laying Queen, 2-3 frames of brood, an ample population of bees and adequate food stores. This is considered a **Nuc.** Our first round of Nucs, available Early April, will likely bee in cardboard boxes containing 5 frames. As we continue to split our overwintered colonies, the Nucs will bee in wooden boxes containing 2) 4 frame Nucs. All beekeepers should tend a minimum of 2 colonies, hedging your hobby towards beeing self-sustainable!

PRICE: $165.00 / per Nuc. Nuc orders will bee filled in the order in which they were received. To reserve your nucs, we need only your vitals; name, email address, telephone #, physical address and the number of Nucs you wish to reserve. Need not any $ now. Payment for the Nucs, (CASH or check) xpected when you pick up your nucs. If you are picking up wooden boxes, containing 2) 4 frame Nucs, a $50.00 deposit, (separate check) is required per box until returned to the Bee Farm.

ORDERS & QUESTIONS: We welcome questions regarding ordering, and will assist with your planning needs or concerns arising throughout the year. Email correspondence preferred via swarmbuster@911honey.com or our landline at 610-384-2384.

WORKSHOPS: We will have 3 free workshops here at the Bee Farm for those on our Nuc List, tailored to Spring Management, illustrating techniques on stimulating for rapid xpansion of the Brood Nest, allowing you to Split the Colony a bit later. We will demonstrate How to Make a Split and xplain the many GOOD reasons why you should do that! We will have a workshop in April, May and June, (TBD).

PICK-UP: Swarmbustin' Honey, 190 Thouron Rd, West Grove, PA. 19390 First round of Nucs will bee available early April. Think Spring & wait for updates from swarmbuster@911honey.com

We recommend: the CCBA Seminar held March 11, 2017!
