

# Swarmbustin' Honey

## 2019 Local Nucleus Colonies

- Will contain 4-5 *DEEP* frames, a laying Queen, 2-3 frames of brood, an ample population of bees, and adequate food stores. This is considered **one Nuc**.
- Our **First Offering of Nucs**, available Early April, will likely be 5-frame in cardboard boxes. We will split our overwintered colonies as soon as the weather supports the re-emergence of a solid drone population. **This Second Offering** will be 4-frame Nucs in our wooden boxes which house 2 Nucs (pictured top right). Singles possible, yet tending a minimum of 2 colonies supports self-sustaining beekeeping.
- Nuc Pick-up & Workshop location will be the **Swarmbustin' Honey Bee Farm:**  
**190 Thouron road, West Grove PA, 19390**

### PRICE: \$180.00 / Nuc

- **To reserve your Nucs, we need only your vitals; name, email address if available, telephone #, and the quantity of Nucs needed.** Need not any \$ now. Payment expected when picking up your Nucs, CASH or check payable to Swarmbustin' Honey.
- Nucs picked up in our wooden boxes require a deposit of \$50 / box. A separate check for deposit be easiest, held until boxes are returned. If interested, wooden Nuc boxes can be purchased for \$75, prepping you to make splits in your apiary later in the season.

### WORKSHOPS: April thru July, beginning at 10am

We will be conducting 4 workshops in 2019. Xact dates TBD, yet they will be on a Saturday, April thru July. Our informal workshops be free to those on our Nuc lists, and focus upon the bees needs in the upcoming month. We will be breaking into smaller groups according to experience and interest, and the Swarmbustin' crew will illustrate various techniques employed in assisting with their needs. We encourage Q&A, are fond of other approaches to this Art and Adventure being shared with the group, & delight in collaborating towards self-sustaining beekeeping with your bees, in our operation, and regionally.

**QUESTIONS:** Email preferred [swarbuster@911honey.com](mailto:swarbuster@911honey.com) or Landline 610-384-2384  
We welcome questions, will assist with planning, and help with emerging concerns year round  
Visit [www.911HONEY.COM](http://www.911HONEY.COM) for more info

*Think Spring!* And in the meantime: Send to us topics of interest to discuss at our workshops  
Watch for updates in your inbox from [swarbuster@911honey.com](mailto:swarbuster@911honey.com)
